Inasmuch as Mr. Pinkerton is in fevo of the pikes being freed legally, elthough a President himself, the Interview is doubly Impressive. It has always seemed to me a ridiculous propestion that a county will give four-fifths of more money necessary to build a road, and then turn it ever to seven men to operate and control, which they are sure to do as fer as possible in their own Interest. I think, therefore, thet our County Courts or Fiscal Courts oughtto make ell possible speed in secur-ing control of the tellroads within their risdiction, end dispense with the toll getes, not becouse there is a lawless peo-ple disposed to destroy these getes, but because it is right and in keeping with the spirit of the times.
